

Collective Worship at Home

A guide for parents with children isolating

Just because your child is at home does not mean they cannot take part in a short act of collective worship each day! Collective worship allows your child (and you) to come together for a special time during their day learning at home. It allows you to celebrate, reflect and share a calm time together.

Little Snoring parents we INVITE you to use the resources below to engage with your child and take part in collective worship. Everything outlined is to make the experience easy and engaging. Our collection of worship draws from a wide range of sources and is designed to INSPIRE you.

Below is a two week cycle if your child has to isolate for 2 weeks from school. We hope you enjoy exploring them!
